

UX writing exercise

Task

- Create a third-party Shopify app onboarding experience that converts new users into regular users.

Specs

1. Work from the brief and Figma file.
2. Create UX to guide users and support business goals.
3. Maintain voice and tone in the Shopify style guide.

Quality videos. Made simple.

Create inspired videos with a template.
No technical skills required.

1. Browse our template library.
2. Select an option.
3. You're ready to create.

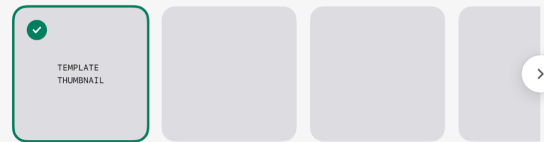

Looking for something different?

Make the template your own! You're free to
add customizations.
